**"WHISKY" COLD CURES.**

Danger of Using Alcoholic Mixtures or Coal Tar Tablets.

The most dangerous thing that one can do when affected with a cough or cold is to use a medicine that contains whisky or a tablet that is made of some coal tar product. Putting aside all moral objections to filling up with whisky or drugs because one has a cold, the injurious physical effect should be sufficient to keep one from using these strong medicines.

The most sensible as well as the only scientific way to treat a cough or cold is by inhaling medication that will kill the germs and give relief to the irritated mucous membrane in the nose, throat and lungs.

Among the new remedies that are used in this way, Hyomel stands pre-eminent. It is breathed through a neat pocket inhaler that comes with every outfit, and the first breath of its healing air relieves the irritation, and its continued use soon effects a thorough cure.

The best people in Barre always keep Hyomel at hand in the winter months, and at the first symptoms of a cold or bronchial trouble, use the remedy and prevent serious and lasting illness. If you have any doubts as to the effects of Hyomel in curing coughs, colds and all bronchial troubles, the guarantee Rickett & Wells give with every outfit should convince you of its curative powers.

A Hyomel outfit costs \$1, and if it does not give satisfaction Rickett & Wells will return your money.

Extra bottles of Hyomel, if needed, can be obtained for 50c, but the complete outfit is usually enough to cure several colds.

**GOVERNMENT TO BUILD CANAL**

Indications That President Has Decided

**BECAUSE OF STEVEN'S**

Had Threatened to Resign—Said to Have Bitterly Opposed Letting of Contract in Despatches from Panama.

Washington, D. C., Feb. 8.—The administration has been brought face to face with the alternative of rejecting all bids for the construction of the Panama canal by contract, or losing the services of Chief Engineer John F. Stevens.

This is the reason for the delay of President Roosevelt, Secretary Taft and Chairman Shoup of the canal commission in acting on the Oliver bid.

An effort has been made to get Mr. Stevens to change his mind, but he has continued obdurate, and the indications are that the administration will accede to his request, and the construction will be continued by the government.

**DEMOCRATS TO FIGHT**

SAN DOMINGO TREATY.

Will Necessitate Calling Extra Session of the Senate.

Washington, Feb. 8.—Democratic Senate leaders reached the decision yesterday that the Republican senators must take the entire responsibility if a treaty with Santo Domingo continuing the present financial relations is ratified.

This means that as long as the minority is strong enough to prevent ratification it will stand together, which would necessitate the calling of a special session of the Senate after March 4, when the Republicans will have the necessary two-thirds of the body.

**Losing Flesh?**

Take VINOL—now.

Easy to get it back again.

Vinol creates an appetite, makes rich, red blood, strengthens every organ in the body,—and builds up firm healthy flesh.

That's because Vinol contains all the medicinal elements of cod liver oil, taken from fresh cods' livers, the useless oil eliminated, tonic iron added.

Try it on our guarantee.

**GREAT SALT LAKE DRYING UP,**

SAYS A LAWYER OF UTAH.

Railroad Excavation Discovers Salt Bank Once Under Water.

Washington, Feb. 8.—Great Salt Lake is gradually drying up. This is the statement made here by Harrison O. Shepard, a lawyer of Salt Lake City. He says when he went to Salt Lake City seven years ago the lake was receding rapidly. But it rose again suddenly. Persons who have lived near the lake for years, however, says Mr. Shepard, agree that it is drying up. In a recent railroad excavation a solid bank of salt, which was at one time the bed of the lake, was found.

**TOKIO INDIGNANT AT WILD**

REPORT FROM THIS COUNTRY.

Privy Council Did Not Meet to Discuss Washington Dispatch.

Tokio, Feb. 8.—A report from the United States that the Privy Council had met Tuesday to consider a dispatch from Washington in relation to the San Francisco controversy is received with great surprise and some indignation here.

It is thought by some that the report originated from a careless or irresponsible source. Others see a sinister motive, aiming to injure the relations between Japan and America by deliberate falsehood and exaggeration.

Strict secrecy is necessarily observed in regard to all matters submitted for consideration of the Privy Council, but in order to clear up any doubt or misapprehension at this critical time the Associated Press is in a position to state that the subject of deliberation on Tuesday was the amended imperial house law. This measure is the result of years of hard work by a special commission.

**THREE BOYS HAD**

ECZEMA OF HEAD

One Mother's Trials—Little Ones Treated at Dispensary for Three Months—Did Not Seem to Improve—Suffered Five Months.

ALL WERE PERFECTLY CURED BY CUTICURA

"My three children had eczema for five months. A little son would appear on the head and seemed very itchy, increasing day after day. The baby had had it about a week when the second boy took the disease and a few days developed, then the third boy took it. For three months I took them to the N. Y. Dispensary, and they told me that the children had ringworm, but they did not seem to improve. Then I heard of the Cuticura, and I bought it. I thought I would write you about my case, and when I got the Cuticura Soap and Cuticura Ointment I bathed the children's heads with warm water and Cuticura Soap and then applied the Cuticura Ointment. In a few weeks they had improved, and when their heads were well you could see nothing of the sores. I should be very glad to let others know about the great Cuticura Remedies. Mrs. Kate Keim, 813 West 20th St., New York, N. Y., Nov. 1, 1906.

BROKEN OFF

Nicaragua-Honduras Dispute Threatening

Is Ordered to San Salvador—President Escalon's Attempts at Mediation—Trying to Get Acceptance of Ruling of Arbitration Court.

San Salvador, Republic of Salvador, Feb. 8.—Diplomatic relations between Nicaragua and Honduras have been broken off as a result of the trouble which has arisen between the two countries owing to the recent invasion of Nicaraguan territory by Honduran soldiers. Consequently the two Governments cannot reach an understanding in the matter of the disarmament of their forces on their respective frontiers, as decided upon by the court of relations now in session here and the relations between them are growing more strained every day. President Escalon of Salvador is trying to act as mediator to obtain the fulfillment of the ruling of the court.

Vallejo, Cal., Feb. 8.—The United States ship Yorktown has received rush orders to proceed to San Salvador.

**LODGE IS MAD.**

Gov. Guild of Massachusetts May Be Disciplined For Impertinence.

Washington, Feb. 8.—Henry Cabot Lodge, senior Senator from Massachusetts, is about as mad with Currier, Guild, Jr., the handsome Governor of the commonwealth, as one gentleman ever allows himself to be with another. It is all because of Governor Guild's personally conducted petition to Congress, on behalf of "free hides and other tariff reforms." "Finkering," the Stand-patters call it.

There is small reason to doubt that at last something like serious trouble has broken out between Lodge and Guild. If it were not that the gentlemen from Nahant is much more interested in the political fortunes of Elen S. Draper than he is in the fortunes of Mr. Guild, it is undoubtedly a fact that Bush Lodge would give the high side on Guild next fall and run Draper for the governorship.

Folk more or less close to Senator Lodge say that ever since news came down of the Guild tariff reform petition the senior Senator has been allowing himself an unwelcome use of expletives. He calls the Guild petition an act of "impertinence," and classes the Governor's "coup" as "interference" in affairs that haven't the remotest connection with the duties or office of the Governor of Massachusetts.

**A GOOD PRESCRIPTION.**

To relieve a cough or break up a cold in twenty-four hours, the following simple formula, the ingredients of which can be obtained of any good prescription druggist at small cost, is all that will be required: Virgin Oil of Pine (pure), one-half ounce; Glycerine, two ounces; good whiskey, half a pint. Shake well and take in teaspoonful doses every four hours. The desired results cannot be obtained unless the ingredients are pure. It is therefore better to purchase each separately and prepare the mixture yourself. Virgin Oil of Pine (pure) should be purchased in the original half-ounce vials, which druggists buy for dispensing. Each vial is securely sealed in a round wooden case, which protects the oil from exposure to light. Around the wooden case is an engraved wrapper, with the name—Virgin Oil of Pine (pure), guaranteed under the food and drugs act of June 30, 1906, serial number 454, prepared only by Leach Chemical Co., Cincinnati, Ohio—plainly printed thereon. There are many imitations and cheap productions of pine, but these only create nausea, and never effect the desired results.

**MET MORE THAN HIS MATCH.**

Plucky Woman Clung to Thief "Just the Way Bulldogs Do."

New York, Feb. 8.—Mrs. Mary C. Frost, who weighs about 110 pounds, wife of Dr. Charles E. Frost of 212 West One Hundred and Forty-second street, chased a big negro burglar out of her house Wednesday and caught him "with the goods."

Magistrate Brennan in the Harlem police court, where the negro was held in \$1,000 under the name of Edward Kenney, complimented Mrs. Frost on her feat.

"About 8:30 the bell rang," said Mrs. Frost. "I went to the door, and two negroes asked if the doctor was home. He was not, so I told them to come in and gave them both seats in the office. Then I went upstairs."

"They hadn't more than got down the steps before I noticed that the beautiful gilt clock my husband gave me when we were married was gone from the mantel. It cost about \$150. I ran screaming to the front door and didn't stop for anything, not even a hat or rubbers."

"Just before I reached them the big one dropped the clock into the snow. They both started to run. I grabbed the big one and yelled 'Help! Help! Stop thief!'"

"When he found that he couldn't shake me off he tried to slip out of his coat. Then I grabbed him by the arm. Then he tried to swing me off, but I just hung on the way the bulldogs do."

"The small negro started up Seventh avenue and got away. Then the big negro I was still hanging on to struck me several times, but I hung on till he wriggled out of my grasp and darted across the street, leaping over the piles of snow on the edge of the sidewalk."

"I chased him and he went into the doorway of 305 West One Hundred and Forty-second street. I followed him to the doorway, but by that time Policeman Brawley came running up and followed him into the house. He found him crouching in an upstairs hallway."
